For more info, contact Dr. Tim Jacks

High school students can learn about the exciting field of cybersecurity

This **FREE** event will include:

- Information session about cybersecurity and its global impact
- A virtual "Capture the Flag" experience that encourages teamwork, creative problem-solving and analytical thinking skills
- Opportunity to connect with professionals and learn what to expect in this field of work
- Meet with colleges, universities, and local technology employers to learn about education, training programs, and careers
- Learn about what you can do NOW to set yourself up for success

Technology Provided

Students won't need to bring anything. We will provide the laptops for the challenge.

Lunch, snacks, and drinks provided

We will provide plenty for the entire event.

Bus Drop-off/Pickup is at the MCT Bus stop on Hairpin Turn (with the flag poles). Buses can park in Red Lot P8.

What we need from you

- Schedule your transportation/buses to arrive for student drop off ~9:00am -- ~9:15am and pick-up ~1:30pm -- ~1:45pm
- Arrange for school chaperones to accompany students and attend the event. We welcome teachers to learn about cybersecurity as well.
- Please provide your feedback. Share with us how we can improve this event to make an even bigger impact on future students.
